(George)

I could honky-tonk in Texas on Saturday night
And dance myself out on the floor.

(Waylon)

Go to Luckenbach Texas and the neon lights
And everybody's screaming for more.

CHORUS -(George)

It just don't get any better than this
That's about as good as good ever gets
If there's anything better, it's somethin' I missed
It just don't get any better than this.

(Johnny)

I have chased that lonesome whistle rollin' down the
line

It's a feelin' that's hard to explain

(Merle)

But an Okie from Muskogee can leave his blues behind
Riding on a fast movin' train

It just don't get any better than this
That's about as good as good ever gets
If there's anything better, it's somethin' I missed
It just don't get any better than this.

(Willie)

Down in Louisiana near ole New Orleans

I found one of life's greatest frills

(Bobby)

While you were on the bayou, lovin' Mary Sue

I was in Detroit City makin' Coupe DeVilles

It just don't get any better than this
That's about as good as good ever gets
If there's anything better, it's somethin' I missed
It just don't get any better than this.
