There's a picture that I carry  
One we made some time ago  
If they ask who's in the picture with me  
I say just a girl I used to know.

Just a girl I used to spend some time with  
Just a friend from long ago  
I don't talk about the nights I cry without her  
I say just a girl I used to know.

--- Instrumental ---

I say she's just another girl now  
Just a flame that's lost it's glow  
And I say her name has slipped my mind now  
Just a girl I used to know.

Just a girl I used to run around with  
Just a friend from long ago  
I don't talk about the night I cry without her  
I say she's just a girl I used to know.

Just a girl I used to know...

Moderator note: This song has several versions where the wording may say "a girl" in place of the word "someone" and the versing sequence may differ. But the basics are the same.
