(Oh, least of all, )  
(Least of all you)

Who in all this world did I  
Think would be untrue  
Woh woh, least of all  
Least of all, you.

Who did I expect the last  
And tell me we were through  
Wooh, least of all  
Least of all, you.

You, who were so understanding me  
Who said to me  
We would always be together  
Through eternity.

Who now would I like to see  
Her the way I do  
Wooh, least of all  
Least of all, you.

You who were so understanding me  
Who said to me  
We would always be together  
Through eternity.

Who now would I like to see  
Her the way I do  
Woh Woh, least of all  
Least of all, you.

Ohh, least of all  
Least of all, you...
