There's a name that my lips cannot deny  
There's a dream that I know will never die  
There's a time that will stand forever still  
There's a place in my mind called Mem'ryville.

There's a hope (there's a hope) that hangs on and  
won't turn loose  
There's a heart (there's a heart) that will always beat  
for you  
There's a pain that no one but you can kill  
There's a place in my mind called Mem'ryville.

I can't help it if I can't control my feelings  
I can't help it when I do the things I do  
Please forgive me if I'm not an easy loser  
I can't help it if I can't stop loving you.

There's a street (there's a street) where some children  
used to play  
There's a church (there's a church) where a family  
used to pray  
There's a time that will stand forever still  
There's a place in my mind called Mem'ryville.

There's a time that will stand forever still  
There's a place in my mind called Mem'ryville.

There's a place in my mind called Mem'ryville...
