Well, I look across my morning cup of coffee
And see an angel smiling back at me
And I think of how your loving seems to fit just like a
glove
And your disposition suits me to a T.

And nothing gives me greater satisfaction
Than knowing that you feel the way you do
'Cause it makes my life worth living and I get a thrill
from giving
All my love to you and only you.

You and me together we're a perfect match
In each other we have found a perfect catch
Like two ol' birds on the eggs of happiness knowin'
they're gonna hatch.
You and me together we're a perfect match.

--- Instrumental ---

You know just what I need and when I need it
With you contentment it wasn't hard to find
And though we have our problems we let love and
kindness solve 'em
You think that we could read each other's minds.

Sometimes I think that we should start all over
I'll bet we wouldn't want to change a thing
Through the good times and the bad ones just a few
real sad ones
We found happiness that only true love brings.

You and me together we're a perfect match
In each other we have found a perfect catch
Like two ol' birds on the eggs of happiness knowin'
they're gonna hatch.
You and me together we're a perfect match.

You and me together we're a perfect match...
