That girl that you keep watchin' is in a place she don't
belong
And she's just not the kind to do anything wrong
This room filled with goodness is gonna make the party
die
Did you know she once made a Romeo cry.

She's not a dancer and she don't drink at all
No, I don't know her number if I were I wouldn't call
It's best you didn't know her and I'll tell you why
Did you know she once made a Romeo cry.

She's just another girl that once told me goodbye
I called her Juliet just a name out of the sky
Pardon me for a moment I feel something in my eyes
Did you know she once made a Romeo cry.

Did you know she once made a Romeo cry...
