If you can find it in your heart to just forgive
I'll come back and live the way you wanted me to live
All I want is just to be your man
Please come and get me and take me to your world.

Take me to your world away from barrooms filled with
smoke
Where I won't have to serve a drink or hear another
dirty joke
All I want is just to be your man
Please come and get me and take me to your world.

Take me to your world make me forget the things I've
heard
Where people say I love you and love is not a dirty word
All I want is just to be your man
Please come and get me and take me to your world...
