There's an old eight by ten
We were younger then
It was taken back when
You loved me.

It's just a photograph
But I'm a part of your past
And you won't see the day
You're rid of me.

You can tear me out of the picture
Try to put me out of your mind
You can tear me out of the picture
But I'll be there when you close your eyes.

Oh, it might fade in time
And you might change your mind
But once you've been mine
It's forever.

So wherever you are
And no matter how far
In my heart of hearts
We're together.

You can tear me out of the picture
Try to put me out of your mind
You can tear me out of the picture
But I'll be there when you close your eyes.

How can you forget how you loved me
Or the part you played in my life
You can tear me out of the picture
But I'll be there when you close your eyes.

Oh, I'll be there when you close your eyes...
