(George)

Well, we love to teach about  
And we love to preach about  
We love to sing about our Jesus.  
All down on our knees and pray  
And thank him in our special way  
We love to sing about our Jesus.

We love to talk about  
We love to let it out  
We love to shout about our Jesus.  
Praise him for his precious name  
And and for what tomorrow brings  
We love to sing about our Jesus.

--- Instrumental ---

(Tammy)

With our songbook in our hands  
All together let a stand  
Let's all keep singing 'bout our Jesus.  
Today we need him even more  
Than we ever have before  
Let's all keep singing 'bout our Jesus.

(Both)

We love to talk about  
We love to let it out  
We love to shout about our Jesus.  
Praise him for his precious name  
And for what tomorrow brings  
We love to sing about our Jesus.

We love to talk about  
We love to shout about  
We Love to sing about our Jesus...
