I'll be your when the grass grows over me.

When you left I thought that I would soon get over you  
Even told myself that I would find somebody too  
Time and tears have come and gone but not your  
memory  
But I'll be over you when the grass grows over me.

Chorus:

Yes, I'll be over you when you're standing over me  
And as you look down at the cold, cold ground I'm  
sleeping in  
Don't expect to hear me say that I still love you then  
'Cause I'll be over you when the grass grows over me.

Even when my eyes are closed they keep on seeing you  
Every minute I'm alive I'm hurting through and through  
And as long as I live I know I won't be free  
But I'll be over you when the grass grows over me.

Chorus:

Yes, I'll be over you when you're standing over me  
And as you look down at the cold, cold ground I'm  
sleeping in  
Don't expect to hear me say that I still love you then  
'Cause I'll be over you when the grass grows over me...
