Well, I break the dishes and I burn the steak  
I spilled all the coffee that I try to make  
Tried to do some sewin' stuck the needle in my hand  
That's how it is when the wife runs off with another  
man.

Monday I washed when the sun was a-shining bright  
I used too much bleach an' everything came out white  
This house looks like the garbage hit the fan  
That's how it is when the wife runs off with another  
man.

TV dinner, chicken pot pie is all I've had to eat  
I've lost so much weight from living on hate till my  
shoes don't fit my feet  
But still I've got to do the best I can  
That's how it is when the wife runs off with another  
man.

--- Instrumental ---

Tried to iron my shirt but I had the iron too hot  
Now there's a hole in the back of the best dang shirt  
I've got  
Nothing turns out right the way I planned  
And that's how it is when the wife runs off with another  
man.

TV dinner, chicken pot pie is all I've had to eat  
I've lost so much weight from living on hate till my  
shoes don't fit my feet  
But still I've got to do the best I can  
That's how it is when the wife runs off with another  
man.

That's how it is when the wife runs off with another  
man...
