I want a new baby for Christmas
The one with long pretty hair
I can send her kisses
And I know I'll never miss her
Because she will always be there.

Now I don't want this old baby for Christmas
So Santa you know she's not true
She kissed me on a hay ride
And took me on a sleigh ride
The turned my white Christmas blue.

The people are happy at Christmas time
The children they're jumpin' all around
And I don't want to be left out of all the fun
So Santa don't you let me down.

I want a new baby for Christmas
So don't you bring me one that's untrue
You kissed me on a hay ride
And took me on a sleigh ride
And turned my white Christmas blue.

Because she will always be there.

I don't want this old baby for Christmas

And took me on a sleigh ride
Then turned my white Christmas to blue.

Yes, the people are happy at Christmas time
The children they're jumpin' all around
And I don't want to be left out of all the fun
So Santa don't you let me down.

I want a new baby for Christmas
Now don't you bring me one that's untrue
She'll kissed me on a hay ride
And took me on a sleigh ride
And turned my white Christmas blue...
