"After I Sing All My Songs"

Visit "[After I Sing All My Songs](#)" on MotoLyrics.com

When the show is over and every one is gone
That's when this lonely feelin' comes along
Everybody loves me while the show is goin' on
But I need someone to love me after I sing all my
songs.

I smile and face the music while they just cheer me on
But this empty feeling keep on holdin' on
Lord I wish I had somebody just to be my only one
I need someone to hold me after I sing all my songs.

After I sing my songs, after the crowd is gone
I need someone to hold me after I sing all my songs.

--- Instrumental ---

After I sing my songs, after the crowd is gone
I need someone to hold me after I sing all my songs...
