I don't want to be the one that make you lonely
I don't want to be the one that make you cry
I just want to take you in my arms and hold you
And keep you there until the day I die.

I don't want to be the reason you're unhappy
I don't want to be the one that makes you blue
I just want to take you in my heart for always
And love you dear that's all I want to do.

I don't want to be the best man at your weddin'
Unless I can be the one that says I do
For I want to show you just how much I love you
'Cause that's the only thing I want to do.

--- Instrumental ---

I don't never want to be the one to hurts you
I don't want to be the one that does you wrong
I just want to be the one that's always near you
The one that never leaves you all alone.

I don't want to sit with you out in the moonlight
And tell you lies like all the others do
I just want to take you in my heart for always
And love you dear that's all I want to do

I don't want to be the best man at your weddin'
Unless I can be the one that says I do
For I want to show you just how much I love you
'Cause that's the only thing I want to do...
