How do you teach a heart not to cry  
When it sees that old love walkin' by  
How do you make a heart obey commands  
'Cause I'm afraid my heart is almost out of hand.

Almost out of hand I do believe  
I'm afraid my foolish heart, it don't agree  
Any fool I know should understand  
But I'm afraid my heart is almost out of hand.

--- Instrumental ---

Almost out of hand I do believe  
I'm afraid my foolish heart, it don't agree  
I must try to make it understand  
But I'm afraid my heart is almost out of hand.

Yes, I'm afraid my heart is almost out of hand...
