Did I wake up this mornin' thinkin' of you
Am I losin' your memory or mine?
Do I remember makin' coffee for two
Am I losin' your memory or mine?

I know that you're gone and I'm almost alone
We're just about over it this time
Hon. am I losing your memory or mine?

I've misplaced my favorite picture of you
Am I losing your memory or mine?
Was it accidental or did I really want to
Am I losing your memory or mine?

I don't know myself but memory is late
For they both had a long uphill climb
Oh, am I losing your memory or mine?

Am I comin' or going, am I doin' all right
Am I gainin' or fallin' behind
I'm beginnin' to wonder if I ever loved you
And am I losing your memory or mine?

I'll get over you, oh, but I really don't want to
But I'm losing your memory or mine?...
