

George Jones "Country Christmas"

Visit "[Country Christmas](#)" on MotoLyrics.com

In our little country settlement there's harmony a-
ringing
The echo flowing softly through the hills of silent night
All the shinny decorations on the big tree in the church
yard
Will make the folks for miles around sing I Saw the
Light.

We're gonna have a country christmas
We're gonna Christmas the old time away
We'll let the church bells ring as we gather 'round to
sing
And show our love for Jesus as we pray.

We'll have lots of homemade candy and presents for
the children
And let the elders grace the table filled with the food
and wine
There's not a better way to say happy birthday Jesus
Than to have a good old gospel singing country
Christmas time.

We're gonna have a country christmas
We're gonna Christmas the old time away
We'll let the church bells ring as we gather round to
sing
And show our love for Jesus as we pray.

Jesus as we pray...
