Don't stop the music
Let it play one more song
The same one that played
But not for so long.

He's out with another
I saw him tonight
Sitting there close together
He knows that's not right.

So, don't stop the music
Let it play one more song
The same one that played
But not for so long.

My pockets are empty
I've spent my last dime
But I just got to hear it
That song one more time.

Don't be mad at me mister
I know that it's wrong
But I want you to hear it
The words of that song.

So, don't stop the music
Don't make me go home
I know she's not there
And I cry all night long.

Don't stop the music
Let it play one more song
The same one that played
But not for so long.

My pockets are empty
I've spent my last dime
But I just got to hear it
That song one more time...
