God's gonna get 'cha for that
God's gonna get 'cha for that
There's no place to run and hide
For He knows where you're at

God's gonna get 'cha for that
God's gonna get 'cha for that
Every wrong thing that you do
God's gonna get 'cha for that

This doggone world we're living in, it's giving me a fit
It seems like everywhere I turn, I see a hypocrite
Well, if ya wanna go to heaven, well, you can't live like
that
So let me tell you, brother, God's gonna get 'cha for
that

God's gonna get 'cha for that, yeah
God's gonna get 'cha for that
There's no place to run and hide
For He knows where you're at

God's gonna get 'cha for that, yeah
God's gonna get 'cha for that
Every wrong thing that you do
God's gonna get you for that

Now, the preacher in our church, he's a mighty devoted
man
Everybody thinks that he's goin' to the promised land
But the other night on a country road while I was a-
drivin' through
I caught the preacher makin' love to Sister, Mary Lou

God's gonna get 'cha for that, yeah
God's gonna get 'cha for that
There's no place to run an' hide
For He knows where you're at

God's gonna get 'cha for that, yeah
God's gonna get 'cha for that
Every wrong thing that you do

God's gonna get 'cha for that

Now oh Sister Bessie, she like to testify
She says, 'I'll always love the Lord, someday I'm a-
gonna fly
But the other night while goin' by the local liquor store
I caught oh Sister Bessie, flyin' out the door

God's gonna get 'cha for that
God's gonna get 'cha for that
There's no place to run and hide
For He knows where you're at

God's gonna get 'cha for that
God's gonna get 'cha for that
Every wrong thing that you do
God's gonna get you for that

God's gonna get 'cha for that, yeah
God's gonna get 'cha for that
There's no place to run and hide
For He knows where you're at

God's gonna get 'cha for that, yeah
God's gonna get 'cha for that
Every wrong thing that you do
God's gonna get you for that

God's gonna get 'cha for that, yeah
God's gonna get 'cha for that
There's no place to run and hide
For He knows where you're at

God's gonna get 'cha for that
God's gonna get 'cha for that
