I've gotta talk to your heart
You've got no right to make me cry
The love I've shown for you these years
Can't be washed away with tears
I got to talk to your heart.
I got to make you understand
Our love is driftin' far apart
Won't you please stop where you are
Let's not carry this to far
I've got to talk to your heart.
The one who told me all the lies
That brought tears to you eyes
You know this never could be
So before you say goodbye
Give me another try
And I'll prove they're wrong, you'll see.
I gotta talk to your heart
I've gotta make you understand
I've gotta try to change you mind
Give me just a little time
I've got to talk to your heart.

--- Instrumental ---

The one who told me all the lies

That brought tears to you eyes

You know this never could be

So before you say goodbye

Give me another try

And I'll prove they're wrong, you'll see.

I gotta talk to your heart

I've gotta make you understand

I've gotta try to change you mind

Give me just a little time

I've got to talk to your heart.
