I love you, I hate you
Forget you but I'm afraid to
You loved me or did you?
I'll never be sure

But one thing's for certain
In spite of this hurtin'
Forever I'm hopelessly yours

From laughin' to cryin'
From livin' to dyin'
From heaven to a heartaches
I know I can cure

But one thing's for certain
In spite of this hurtin'
Forever I'm hopelessly yours

I cry on the slightest of notions
'Cause I'm just going
Through these emotions

I love you, I hate you
Forget you [Incomprehensible] but I'm afraid to
You loved me or did you?
I'll never be sure

But one thing's for certain
In spite of this hurtin'
Forever I'm hopelessly yours

I'll always be hopelessly yours
Hopelessly yours
