Love on the rocks that's all he said  
As he sat there beside me shaking his head  
I said, Mister, you look like you're taking it rough  
The next round's on me. He said, I don't touch the stuff.

'Cause these hundred proof mem'ries are stronger  
than wine  
It don't take but one taste to send you out of your mind  
No, I don't want the whiskey but I could sure use a ride  
'Cause with hundred proof mem'ries, Lord, you don't  
think and drive.

--- Instrumental ---

He said, I quit drinkin' the day that she left  
I come here out of habit in spite of myself  
But there ain't no liquor that money can buy  
That's stronger than what's bottled up inside.

'Cause these hundred proof mem'ries are stronger  
than wine  
It don't take but one taste to send you out of your mind  
No, I don't want the whiskey but I could sure use a ride  
'Cause with hundred proof mem'ries, Lord, you don't  
think and drive.

No, I don't want the whiskey but I could sure use a ride  
'Cause with hundred proof mem'ries, Lord, you don't  
think and drive...
