She's here today but she'll be gone tomorrow
Looks like I could learn and save myself some sorrow
A fool in love sometimes just can change
And I don't have sense enough to come in out of the
pain.

Each time she leaves I tell myself we're through
Then I'll start missing her the way I always do
I guess that I will always be the same
'Cause I don't have sense enough to come in out of the
pain.

Oh, how foolish of me to try and live this way
Knowing why she's here with me I'm taking someone's
place
I cried so much then I will crying shame
And I don't have sense enough to come in out of the
pain.

No, I don't have sense enough to come in out of the
pain...
