Fresh out of school I made plans to go to college
Be a doctor or a lawyer is what I wanted to do
But we feel in love and soon we were married
And I gave it all up for you.

Then we moved up north, I got a job at the factory
I worked very hard and my promotion came through
But you got home sick and we moved back to your
momas
And I gave it all up for you.

But I have no regret for the hard times we met
And the years of loving you like I do
And when my life is through you know I'd give that up
too
Yes, I'll give it all up for you.

When my life is through you know I'd give that up too
Yes, I'll give it all up for you...
