"I Made Leaving Easy For You"

Visit "[I Made Leaving Easy For You](#)" on MotoLyrics.com

I tried as a man, I was trying in my way
To make things easy for you
And to live everyday I brought home all my pay
To make things easy for you.

And I always thought little things that I brought
Would help you to see your day through
But the days were to long, you just couldn't stay home
I made leavin' easy for you.

I heard someone sayin' your not home everyday
To make things easy for you
Yes, I bought pretty clothes and what else heaven
knows
Guess I made things to easy for you.

--- Instrumental ---

You said you wouldn't go far so I bought a new car
To make things easy for you
And today when you left I blamed only myself
I made things to easy for you.

I made leavin' to easy for you...
