Rivers turn to oceans
And flow onto the sea
Embers turn to ashes
And love to memories

Rain turns to rainbows
And gray skies turn to blue
But when the world turns on me
I turn to you

A thirsty man needs water
A bluebird needs the sky
A man needs his woman
Or he'll wither up and die

Roses need sunshine
Violets need the dew
But not half as much
As I need you

Deep in my soul
And always on my mind
Forever in my heart
You're the light that shines

Someone to hold
When no one else will do
When the world turns on me
I turn to you
When the world turns on me
I turn to you
