I saw a sweet old couple in the park the other day
Holding hands and smilin' in an old familiar way
Then I thought about you and how I'd feel without you
And I knew, honey, I knew.

I want to grow old with you
Huggin' and holding you
Be my little old lady
And I'll be your big old baby
Honey, I do, I want to grow old with you.

We'll move to California or the sunshine state
If they're not to crowded in two thousand twenty-eight
Pacific or Atlantic we'll still be romantic
You and me, just a-wait and see.

I want to grow old with you
Kissin' and holding you
Be my little old lady
And I'll be your big old baby
Honey I do, I want to grow old with you.

--- Instrumental ---

When we meet the neighbors then we'll understand
I might start all over and be with you again
You and me together forever and ever
I hope I can but until then.

I want to grow old with you
Squeezin' and holding you
Be my little old lady
And I'll be your big old baby
Honey it's true, I want to grow old with you.

Yea, I want to grow old with you
Squeezin' and holding you
Be my little old lady
And I'll be your big old baby
Honey, I do, I want to grow old with you.

Oh, I want to grow old with you

Squeezin' and holding you...
