If I could bottle this up I'd make a million  
If I could tell everybody in town what I've been feelin'  
It's guaranteed to put a smile on you face  
A song in your heart after one little taste  
A man could make a milloin bucks if I could bottle this  
up.

Oh, if I could take a fist a twist it into liquid form  
And mix it with the way I melt there in your arms  
Sprinkle and a twinkle or two from your eyes  
And a dab of this feeling inside  
Folks would just eat it up if I could bottle this up.

Oh, If I could bottle this up I'd make a million  
If I could tell everybody around what I've been feelin'  
It's guaranteed to put a smile on you face  
A song in your heart after one little taste  
Well, I could make a milloin bucks if I could bottle this  
up.

I can see me now, people knocking down my door  
Till I could get it on the shelf of the local department  
store  
And I can see it now going right to the top  
I'll bet it would sell to the very last drop  
Folks couldn't get enough if I could bottle this up.

If we could bottle this up we'd make a million  
If we could tell everybody in town what we've been  
feelin'  
It's guaranteed to put a smile on you face  
A song in your heart after one little taste  
The world couldn't get enough, you know they'd just  
eat it up  
And we could make a milloin bucks if we could bottle  
this up...
