IF I WERE

(Earl Montgomery)

© '65 Glad Music

WITH GENE PITNEY

If I were your friend then I wouldn't be very blue  
Cause sometimes you would have me around you  
If I were a smile I could feel your lips so warm  
If I were your love then would I be in your arms  
If I were a prayer you say before you go sleep tight  
Then I know I'd be in your mind tonight  
If I were a song the words you sing would tell of me  
If I were your love then I wouldn't be lonely

Wishful thinking in a world of fantasy yes someone you  
just forgot  
And you only might as well believe for I can be  
something that I'm not  
If I were your picture your love for me would always last  
If I were your love then I wouldn't be just your past  
If I were your love then I wouldn't be just your past  
No if I were your love then I wouldn't be just your past
