"In A Gospel Way"

Visit "[In A Gospel Way](#)" on MotoLyrics.com

We all got together on a sawdust floor
God was there, you couldn't ask for more
We all fell in love last night in a gospel way.

I love to hear my mama sing and shout
And tell how the Lord has helped her out
We all fell in love together in a gospel way.

We all got together there under a tent
And listened to the man that Jesus sent
For God put in his mouth these words to say.

Don't you know the Bible plainly tell
A real true christinan won't go to hell
If we all fall in love together in a gospel way.

He's one true friend that won't let you down
You better be ready when he comes around
Let's all fall in love together in a gospel way.

I've heard some people curse his precious name
But we all know God stays the same
Let's all get a little bit closer in a gospel way.

Let's all get together on a sawdust floor
God is there, you can't ask for more
Let's all fall in love tonight in a gospel way.

I love to hear my mama sing and shout
And tell how the Lord has helped her out
We all fell in love together in a gospel way.

Let's all fall in love together in a gospel way
Let's all fall in love together in a gospel way
And we'll all get to heaven together in a gospel way...
