There's a picture that I carry  
One we made some time ago  
When they ask who's in the picture with me  
I say just a girl I used to know.

Just some one I used to spend some time with  
Just a flame that lost it's glow  
I don't tell them how lost I am without you  
I say just some one I used to know.

--- Instrumental ---

Just some one I used to run around with  
Just a friend from long ago  
I don't tell them how lost I am without you  
I say just some one I used to know.

I say just some one I used to know...

Moderator note: This song has several versions where the wording may say a girl in place of the words some one and the versing sequence may differ. But the basics are the same.
