

George Jones "Loveshine"

Visit "[Loveshine](#)" on MotoLyrics.com

Ain't no need in me lying about it 'cause everybody
knows the truth
I passed my share of Ole Jack and Jim Beam, white
lightnin' and mountain dew
I've been down so low just to get me up by drinkin'
anything I can find
But now when they say Jones what are you on I just
smile and say, loveshine.

I found me a place where I can go with a still that never
runs dry
You oughta see the love she makes for me in the still of
the night
She's got a heart that's bigger than Billy Bob's bar and
lips that are sweeter than wine
I don't mind sayin' I'm off of the wagon 'cause I can't
get enough, of her loveshine.

--- Instrumental ---

There was a time you could always find me hangin'
around some bar
'Cause I've always found me a place to hang my hat but
not my heart
Everytime I see those swingin' doors I tell the driver
just to pass on by
'Cause there ain't no room in old Jones' head for
anything less than loveshine.

I found me a place where I can go with a still that never
runs dry
You oughta see the love she makes for me in the still of
the night
She's got a heart that's bigger than Billy Bob's bar and
lips that are sweeter than wine
I don't mind sayin' I'm off of the wagon, I can't get
enough, of her loveshine
