I remember when daddy died, he said the Lord was by  
his side  
With his last breath, he said I'm goin' to the promised  
land  
That's when mama told us all that she had heard the  
call  
And mama would be a preacher man.

Far as I can remember back mama was a woman that  
dressed in black  
With the sould filled full of gospel and the Bible in her  
hand  
She would go from town to town spreading God's word  
all around  
Yes mama, was a real strong preacher man.

Mama was a preacher man, mama was God's right  
hand  
Mama really knew just how to reach way out  
Mama was a preacher man, mama was God's right  
hand  
Mama knew what the holy word was all about.

I sit there on the very first row as she pleaded to lost  
souls  
Tellin' them about Jesus there in the holy land  
Although mama past away she still lives on today  
Yes mama, was an old time preacher man.

Mama was a preacher man, mama was God's right  
hand  
Mama really knew just how to reach way out  
Mama was a preacher man, mama was God's right  
hand  
Mama knew what the holy word was all about.

Mama was a preacher man...
