"I'll Share My World With You"

I'll share my world with you
Ev'rything that I own
My earthly possessions
They're no good if I'm alone.

Let me give you the sunshine
While it's fresh with morning dew
Can't you see that I'm waiting
To share my world with you.

I'll share my world with you
If you'll be mine, alone
I'll give you a new heart
You're the only love it's known.

Let me give you my two lips
They'll be happy if you do
Can't you see they are waiting
To share my world with you.,,

"The Window Up Above"

I've been living a new way
Of life that I love so
But I can see the clouds are gath'ring
And the storm will wreck our home
For last night he held you tightly
And you didn't even shove
It's true for I've been watching
From the window up above.

How I wish I could be dreamin'
And awaken to an honest love
It's true Hun, I've been watching
From the window up above...

"The Grand Tour"

So, step right up, come on in
If you'd like to take the grand tour
Of a lonely house we once called home sweet home
I have nothing here to sell you,
Some things that I will tell you
Some things I know will chill you, oh, to the bone.

Over there, sits the chair
Where she'd bring the paper to me
And sit down on my knee
And whisper oh, I love you
But now she's gone forever
And this old house will never
Be the same without the love
Oh, that we once knew...

"Walk Through This World With Me"

Walk through this world with me,
Go where I go
Share all my my dreams with me,
Hun, I need you so
In life we search, there ain't but a few will find
Hun, I've looked for you a long, long time.

And now that I've found you,
New horizons I see
Come take my hand
And walk through this world with me.

Come take my hand
And walk through this world with me...
