"Old Fashioned Singing"

Visit "[Old Fashioned Singing](#)" on MotoLyrics.com

I just love that good old gospel singing
'I'll Fly Away's' my favorite song
I just love that good old time religion
This old world has gone without it much too long

Oh, how I love to sing and tell
When they ring those golden bells
And I just can't stand in one place
When they sing, 'Amazing Grace'

I just love that good old country preaching
This old world has gone without it much too long

Yes, I love them good old fashioned gathering
Where all of God's children came to pray
And oh, how I really miss those old brush arbors
How I wish we had more of these days today

Oh, how I love to sing and tell
When they ring those golden bells
And I just can't stand in one place
When they sing, 'Amazing Grace'

I just love that good old country singing
This old world has gone without it much too long
