Well old King Kong was a hell of'va gorilla
He stood four stories tall
They shot him with missiles from aeroplanes
But he refused to fall
With Faye Ray in the palm of his hand
He'll walk right over the world
'Cause just like me he would do anything
Just to keep his girl

Yeah, old King Kong was just a little monkey
Compared to my love for you
If you treat right, every night
And to do what you wanted to
I said it's bigger than both of us
And now you know it's true
Old King Kong was just a little monkey
Compared to my love for you

Now when King Kong met Godzilla
He made that lizard crawl
It wasn't until he put his woman down
That she saw those big tears fall
And when you're walking next to me
I swear I can fill his shoes
Old King Kong was just a little monkey
Compared to my love for you

Yeah, old King Kong was just a little monkey
Compared to my love for you
If you treat right, every night
And to do what you wanted to
I said it's bigger than both of us
And now you know it's true
Old King Kong was just a little monkey
Compared to my love for you

Old King Kong was just a little monkey
Compared to my love for you...
