Please talk to my heart 'cause I'm lonesome
I don't care if your loves not true
And don't be afraid that you'll hurt me
I'm hurting that's why I need you.

Please, please I'm so lonesome
Any love you can give me will do
And don't be afraid I'll start cryin'
I'm crying that why I need you.

--- Instrumental ---

If you want to say that it's over
Don't worry 'bout what I'll go through
My heart's always loved you can't hurt me
I'm hurting that's why I miss you.

Please, please I'm so lonesome
Any love you can give me will do
And don't be afraid I'll start cryin'
I'm crying that why I need you...
