[Verse 1:]

I wanna take you home
To my place
Share my dreams and my fantasies
I can't wait
I wanna show u things
You ain't never seen before
Girl I hear you crying
Crying out for more

[Chorus:]

Talk to me, talk to me
Am I doing this right?
Talk to me, talk to me
Are u feelin alright?
I've been waiting for this my whole life
And here you are tonite
I've been waiting for this my whole life
And I can see it in your eyes
Are u ready to stay up all night?
To see the morning light?
I've been waiting
And waiting
And waiting
My whole life...

[Verse 2:]

So now here we are
Turn the lights down low
Or we can go fast
Or should I go slow?
I wanna kiss your lips
Is that okay?
I'm that guy, I'm that guy baby
You'll be callin' on my name
Sing it to me now

[Chorus:]

Talk to me, talk to me
Am I doing this right?
Talk to me, talk to me
Are u feelin alright?

I've been waiting for this my whole life
And here you are tonite
I've been waiting for this my whole life
And I can see it in your eyes
Are u ready to stay up all night?
To see the morning light?
I've been waiting
And waiting
And waiting
My whole life...

[Bridge:]
I ...wanna cater to you
No... Nothin I wouldn't do
I tried to find words to say
I've never felt love in this way...
This way
Ive been for this my whole life
Here you are tonite

I've been ready for this my whole life
And I can see it in your eyes
Girl are u ready to stay up all night
To see the morning light
I've been waiting
And waiting
And waiting
Ma whole la la la la lifee

Will you be waiting....
My whole life...
