TEAR ME OUT OF THE PICTURE (3'27]
George Jones

Written by: Mike Lawler/Bill Rice/Sharon Rice
Album: High-Tech Redneck(1993)

There's an old eight by ten
We were younger then
It was taken back when
You loved me

It's just a photograph
But I'm a part of your past
And you won't see the day
You're rid of me

You can tear me out of the picture
Try to put me out of your mind
You can tear me out of the picture
But I'll be there when you close your eyes

Oh it might fade in time
And you might change your mind

But once you've been mine
It's forever

So wherever you are
And no matter how far
In my heart of hearts
We're together

You can tear me out of the picture
Try to put me out of your mind
You can tear me out of the picture
But I'll be there when you close your eyes

How can you forget how you loved me
Or the part you played in my life
You can tear me out of the picture
But I'll be there when you close your eyes
Oh I'll be there when you close your eyes
