Don't tell me the one I love's gonna leave me
That her love for me was dying slow
Don't tell me she's looking for someone new
Tell me something I don't know.

I've been preparing myself for this day
'Cause I knew she was making plans to go away
Don't tell me that my teardrops are showing
Tell me something I don't know.

--- Instrumental ---

I've been preparing myself for this day
'Cause I knew she was making plans to go away
Don't tell me that my teardrops are showing
Tell me something I don't know.
