(George)

We always wanted a big two story house
Back when we lived in that little two room shack

(Both)

We wanted fame and fortune
And we'd live life the way the rich folks do
We knew some how we'd make it,
Together me and you

(Tammy)

With dreams and hopes of things to come
We worked and never stopped
Not much time for you and me
We had to reach the top

(Both)

We bought that big two story house
And soon became the envy of the town
With all our work behind us
We'd finally settled down
Now we live (yes we live) in a two story house

(George)

Whoa, what splendor

(Both)

But there's no love about

(Tammy)

I've got my story

(George)

And I've got mine, too

(Both)

How sad it is, we now live, in a two story house

The house is filled with rare antiques

There's marble on the floor

Beauty all around us

Like we've never seen before

There's chandeliers in every room

Imported silks and satin all about

We filled the house with everything

But somehow left love out

Now we live (yes we live) in a two story house
(George)
Oh what splendor
(Both)
But there's no love about
(Tammy)
I've got my story
(George)
And I've got mine, too
(Both)
How sad it is, we now live, in a two story house

How sad it is, we now live, in a two story house...
