The places where we used to meet, we go together  
Step by step like shoes on your feet, we go together  
Just like the sand out in the sea, what good is sugar if  
you have no tea  
What good are you if you don't have me, we go  
together

That old feeling we used to get even feels better  
There was a girl you made me forget the day I met her  
Just like the tears in a baby's eyes, just like the stars up  
in the sky  
Like ice cream and an apple pie, we go together

We go together like the storm and rain  
Just like the fire that needs a flame  
Just like the picture needs a frame  
We go together

We go together like the moon and June  
Just like the fork needs a spoon  
Just like the song that needs a tune  
We go together

We go together  
We go together

Well the places where we used to meet, we go together  
Step by step like shoes on your feet, we go together  
Just like the sand out in the sea, what good is sugar if  
you have no tea  
What good are you if you don't have me, we go  
together

We go together like the storm and rain  
Just like the fire that needs a flame  
Just like the picture needs a frame  
We go together

We go together like the moon and June  
Just like the fork needs a spoon  
Just like the song that needs a tune  
We go together

We go together like the storm and rain  
Just like the fire that needs a flame  
Just like the picture needs a frame  
We go together
