I walked through the front door
Turned the light on in the hall
And then I saw the post-it notes
That she had stuck up on the wall.

The first one said, "I love you, but I can't live on love
alone."
The yellow post-it-notes were stuck up everywhere
One was on the microwave and one on the Fridgidaire
It said "I cried all night but you weren't there to watch
the teardrops fall."
And if you couldn't get the picture maybe you can read
the writing on the wall.

Sometimes you do what you've gotta do if you do
anything at all
Sometimes it takes a freight train comin', sometimes it
takes a mounitian to fall
Sometimes you do what you've gotta do, sometimes
you gotta walk before you crawl
And if you couldn't get the picture maybe you can read
the writing on the wall.

The post-it note on the pillow said, "The lonely nights
were hell."
The on the mirror said, "Take a good look at yourself."
And the one she put on the closet door said, "I waited
long enough for you to call."
And if you couldn't get the picture maybe you can read
the writing on the wall.

Sometimes you do what you've gotta do if you do
anything at all.
And if you couldn't get the picture maybe you can read
the writing on the wall.

And if you couldn't get the picture maybe you can read
the writing on the wall...
