It's a long way off from where I should be going  
And everytime I hate to leave your side  
And now when I return there's somethin' missin'  
When I'm gone you don't seem to miss me.

Now life's so fast and everything is changing  
And if your changeing too then I don't blame you  
I remember how you used to kiss me  
But when I'm gone you don't seem to miss me.

I'm going back I wonder why  
I'm running fast to get home  
I just can't wait to see your face  
But you don't seem to miss me.

--- Instrumental ---

No one can take away the things you've given  
And all the good we've had along together  
There was a time when you could not resist me  
Now I'm gone you don't seem to miss me.

I'm going back I wonder why  
I'm running fast to get home  
I just can't wait to see your face  
But you don't seem to miss me.

I can't wait to see your face  
But you don't seem to miss me...
