So many reasons why we can't be together
Theres just so many forces pulling us apart
Don't wanna feel defeeted but curcumstances wheren
on me
I'm tryna fight the pain eaten at my heart

I'm tryna run away but I can't escape reality
Just to see your face I close my eyes and drift away
Cause when I dream
I have a dream that one day you will be by my side
Close eyes makes everything alright
I don't wanna wake up and lose this feeling
No I, don't wanna wake, don't wanna wake, don't
wanna wake up from this dream

Don't wanna, don't wanna wake

When I'm dreaming complicated things make sence
The problems that we have a absent and all we have is
love
Even tough I'm sleep it's so real to me
I feel your touch and I don't wanna leave
Don't wanna let you go, wanna keep you with me

I'm tryna run away but I can't escape reality
Just to see your face I close my eyes and drift away
Because when i dream
I have a dream that one day you will be by my side

Close eyes makes everything alright
I don't wanna wake up and lose this feeling
No I, don't wanna wake, don't wanna wake, don't
wanna wake up from this dream

So far but so close your touching my soul
When I sleep I see you
So let me sleep only for an hour
Just to feel your essence makes me stronger
In my dreams

I have a dream that one day you will be by my side
Close eyes makes everything alright

I don't wanna wake up and lose this feeling
No I, don't wanna wake, don't wanna wake, don't
wanna wake up from this dream

I have a dream that one day you will be by my side
Close eyes makes everything alright
I don't wanna wake up and lose this feeling
No I, don't wanna, don't wanna wake, don't wanna
wake up from this dream

Don't wanna , don't wanna wake
