I called you today, an accidental mistake
And your name slipped out to some friends
Forgotten old feelings are brand new today
'Cause I'm right back where I've always been

You're just an old love turned memory
Now I seldom see you around
You're just an old love turned memory
But you still turn my world upside down

I went to some places where I knew you'd be
Just to prove our love was over and done
But the moment my eyes met yours
I knew my sorrow had only begun

You're just an old love turned memory
Now I seldom see you around
You're just an old love turned memory
But you still turn my world upside down

You're just an old love turned memory
But you still turn my world upside down
