The places where we used to meet, we go together
Step by step like shoes on the feet, we go together
Just like the sand out in the sea, what good is sugar if
you have no tea
What good are you if you don't have me, we go
together

That old feeling we used to get even feels better
There was a girl you made me forget the day I met her
Just like the tears in a baby's eyes, just like the stars up
in the sky
Like ice cream and an apple pie, we go together

We go together like the storm and rain
Just like the fire that needs the flame
Just like the picture needs the frame
We go together

We go together like the moon and June
Just like the fork needs the spoon
Just like the song that needs the tune
We go together

We go together

We go together

Yeah, the places where we used to meet, we go
together
Step by step like shoes on the feet, we go together
Just like the sand out in the sea, what good is sugar if
you have no tea
What good are you if you don't have me, we go
together

We go together like the storm and rain
Just like the fire that needs the flame
Just like the picture needs the frame
We go together

We go together like the moon and June
Just like the fork needs the spoon

Just like the song that needs the tune
We go together
