When your heart's in someone else's hands  
Monkey see and monkey do  
Their wish is your command  
You're not to blame  
Everyone's the same

All you do is love and love is all you do  
I should know by now the way I fought for you  
You're not to blame  
Everyone's the same, oh

I know, you think that you're safe  
Mister  
Harmless deception  
That keeps love at bay  
It's the ones who resist that we most want to kiss  
Wouldn't you say?

Cowboys and angels  
They all have the time for you  
Why should I imagine?  
That I'd be fine for you  
Why should I imagine?  
That I have something to say

That scar on your face  
That beautiful face of yours  
In your heart there's a trace  
Of someone before

When your heart's in someone else's plans  
Things you say and things you do  
They don't understand  
It's such a shame  
Always ends the same

You can call it love but I don't think it's true  
You should know by now  
I'm not the boy for you  
You're not to blame  
Always ends the same

I know you think that you're safe  
Sister  
Harmless affection  
That keeps things this way  
It's the ones who persist for the sake of a kiss  
Who will pay?

Cowboys and angels  
They all take a shine to you  
Why should I imagine  
That I was designed for you?  
Why should I believe  
That you would stay?

That scar on your face  
That beautiful face of yours  
Don't you think that I know  
They've hurt you before

Take this man to your bed  
Maybe his hands will help you forget  
Please be stronger than your past  
The future may still give you a chance
