(Let's go outside)  
(Let's go outside)  
Outside, Outside...

Back to nature  
Just human nature  
Hidden in the back  
I think I'm done with the sofa  
I think I'm done with the hall  
I think I'm done with the kitchen...table maybe

(Let's go outside)

In the sunshine  
I know you want to  
But you can't say yes

(Let's go outside)

In the moonshine  
Take me to the places that I love best

Oh my angel she says don't you worry  
About the things that they're saying

Yeah

Got my friends in high places  
And the game that you gave away  
Was it worth playing?

(Let's go outside)

In the sunshine  
I know you want to  
But you can't say yes

(Let's go outside)

In the meantime  
Take me to the places that I love best

And yes I've been bad  
Doctor won't you do with me,  
What you can  
You see I think about it all of the time  
24/7 (24...24/7)

You say you want it, you got it  
I've never really said it...before  
There's nothing here but flesh and bone  
There's nothing more  
Nothing more  
There's nothing more

Back to nature  
Just human nature

Hidden on the backdoor

I think I'm done with the sofa  
I think I'm done with the hall  
I think I'm done with the kitchen...table baby

(Let's go outside)

In the sunshine  
I know you want to  
But you can't say yes

(Let's go outside)

In the moonshine  
Take me to the places that I love best

And yes I've been bad  
Doctor won't you do with me  
What you can  
You see I think about it all of the time  
I'd service the community  
What I already have

Hey you  
I've never really said it before  
There's nothing here but flesh and bone  
There's nothing more  
Nothing more  
There's nothing more

Let's go outside

Doesn't own a deep dream baby?  
When the moon is hard

And the grass is joking?

C'mon

Just keep on funk'in?

Keep on funk'in?

Just keep on funk'in?
