We lived a beautiful life together not so very long ago
Five years so happy now they are gone
With only a heartache to show

For somewhere she walks down streets of sin and
silver

Sin and silver are all she ever needs
Somewhere somewhere somewhere she walks
Where sin and silver leads

[piano]

We lived a beautiful life together till I turned him away
All of their gossips destroyed our love

And left me so lonely today

For somewhere she walks down streets...
